

# NURSE CALL PAGING SYSTEM

## Highlights:

- Compact & Light Nurse Call
- Improve productivity & service standard
- Nurse can perform multi-task
- Empower nurse to oversee a larger area
- Products are certified by **SIRIM**

## HOSPITALITY SOLUTION

Email: [info@QChannels.com](mailto:info@QChannels.com)

**QCHANNELS Nurse Call Paging System** was designed to help patients to contact the nurse or service staff direct from their bed or inside toilet.

Patients can now push a button on the unit to contact nurse. A message will be transmitted to the watch or display monitor, informing him the specific bed number that need help.

**Nurse Call Watch Receiver  
(LM-D800L)**

**Nurse Call Single Button  
Waterproof Transmitter  
(LM-T9000F)**

**Nurse Call Display Receiver  
(LM-D303KF)**

## HOSPITALITY SOLUTION

Email: [info@QChannels.com](mailto:info@QChannels.com)

### Operation & Installation:

**QCHANNELS Nurse Call Paging System** consists of **Call** button to be placed beside bed. **Watch** to be held by nurse and a **Display** to be placed on the wall for nurse viewing.

Patient presses the button on the bed to contact the Nurse. **Display** will have sound alert and the table number will be displayed. At the same time, Nurse's **Watch** will vibrate and show the bed number and type of service requested.

### Advantages:

- ◀ Compact & Light Table Call (Water Resistance or WaterProof models are available)
- ◀ Improve productivity and service standard
- ◀ Nurse or service staff can perform other duties and are readily alerted when patient requires assistance
- ◀ Empower service staff to oversee a larger area

### Application

- ◀ Hospital, Clinic, Nursing Home, and Specialist Centre

## Specifications:

### Table Call Transmitter (LM-T9000F/LM-HS1000F)

- ◀ Frequency: 433.92MHz
- ◀ FM Modulation
- ◀ Dimension:  
LM-T9000F: W60 X D60 X H16  
LM-HS1000F: 1.5m
- ◀ Single Button
- ◀ Replaceable Battery
- ◀ FCC Compliant: This device complies with FCC Rules, tested to comply with FCC Standards

Nurse Call Single Button  
WaterProof Transmitter  
(LM-T9000F)

Nurse Call  
Coil-Type Switch  
(LM-HS1000F)

Nurse Call Display Receiver  
(LM-D303KF)

### Table Call Display Receiver (LM-D303KF)

- ◀ Frequency: 433.92MHz
- ◀ FM Modulation
- ◀ Display: 3 calls and more
- ◀ Dimension: W290 X D119 X H32
- ◀ 15 Melody Selectable
- ◀ KCC Certification: This device complies with KCC Rules, tested to comply with KCC Standards

### Table Call Watch Receiver (LM-D800L)

- ◀ Frequency: 433.92MHz
- ◀ FM Modulation
- ◀ Display: 8 calls
- ◀ Dimension: W50 X D40 X H18
- ◀ Alert Mode: Vibration
- ◀ KCC Certification: This device complies with KCC Rules, tested to comply with KCC Standards
